## NEWSLETTER No.13

6 September 2018

### PRINCIPAL'S POST

Dear Parents and Friends

**Voluntary Contributions – What are these used for?**  
At the beginning of each year the school requests that parents pay a voluntary contribution towards their child's education. A common question by parents is what are these funds used for? Traditionally these funds have been used to purchase extra sporting equipment for students to use at recess/lunch, as well as additional classroom equipment like photocopy paper, laminating sheets and classroom consumables (Art & Craft & Science). If you haven't already paid these contributions it's not too late – just pop in to the front office or contact Julie Fordham to find out how payments can be made.

#### Open Night

Thank you to everyone who came along last night to our wonderful Open Night! Our Science room was officially opened by Hon. Peter Watson MLA, our choir performed some beautiful songs, our P&C provided great food and our students highlighted their wonderful work to their family and friends. It was a great evening and we hope that everyone that attended enjoyed getting to see more of why our school is the 'Best in the West'.

#### Eagles Cup

Congratulations to our Eagles Cup team who won their last game against St Joseph's last Tuesday. In wet conditions our team managed a come from behind win to reverse the result of the previous game against St Joseph's. I would like to thank Mr Luscombe and Mr Ugle for their efforts in training/coaching the team.

#### Spelling Championship

On Friday 14 September SPPS will be hosting the Albany Spelling Championships. This event involves several schools from across the district with an opportunity to compete in a team based spelling competition. Teams are arranged in year groups of Yr 3/4 and Yr 5/6. Each team consists of three students working together to correctly spell a number of words.

## PRINCIPAL'S PATTER

The Spencer Park Early Intervention Centre is for children with a diagnosis of Autism and/or Global Delay is situated at the Spencer Park Education Support Centre. We have 5 Kindergarten children attending and 3 Pre- Primary. 1 of our Pre-Primary students recently transitioned to full time Pre - Primary at his mainstream school.

If your child or a friend's child has a diagnosis of Autism, then this is the place for you. Our focus is to support children transition to a mainstream Pre-Primary and Primary classes. We urge families to consider this option and encourage anyone interested to come to the centre and observe our program in progress. At present we still have vacancies in both Kindergarten and Pre-Primary.

Classes consist of 1 / 1 learning experiences. Every child has an Individual Education Program.

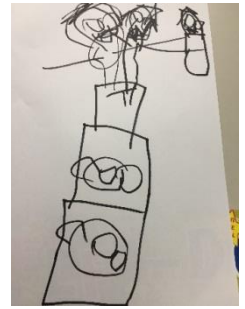

Noah works independently to complete a task.

Although we tailor our programs to meet the needs of individuals, we combine activities with topics that are meaningful to our children. This term we have highlighted outcomes associated with planning for special occasions.

Recently Ms Faugno and the children practiced fine motor skills required for a manicure. Miss Faugno is soon to be married and the children have been busy planning special events, designing, cooking and decorating a wedding cake and preparing invitations to our own big event.

Hunter and Autumn assisted in making the 3 tiered wedding cake and all children produced a design for the wedding cake decorations.

Come rain or shine we all celebrate every opportunity to learn. Our motto is 'Not a minute wasted'

Robert, Elijah and Jiyah are not put off by a little rain.

Mrs Williams is always keen to extend the children's gardening skills.

Creating a sense of belonging is a high priority in our classroom and children are encouraged to support each other.

Robert assists Autumn during structured play sessions.

Visitors and enquiries are welcome. A reminder to all that enrolments for 2019 are under way.

# FATHERING AFTER Separation

Are you... recently separated and feel that the life you knew, is over?

Do you... want to focus your energy on the needs of your child (or children) to assist them to adapt to the separation/new living arrangements?

If so... this one-night parenting workshop is for you!

At Relationships Australia, we strongly believe it's important for dads to know that being separated does not mean they are any less important, or needed by their children. We will help you, as a Dad, develop skills that are responsive to your children's needs as they find their way through the family separation, and assist you to find helpful ways to stay connected.

*You will explore:*

- what children experience after separation and what they need from their Dad;
- how to develop a functional and parent-focussed relationship with your child's mother; and
- proactive ways to remain connected with your children.

29 Albany Highway, Albany

# Stepfamilies: an Introduction

Are you... a member of a recently established stepfamily, or blended family?

Do you... want to learn some proven methods for successfully forming and living in a stepfamily?

If so... this one-night parenting workshop, is for you!

We, at Relationships Australia, appreciate that growing a stepfamily presents an array of challenges, which are inherently different to those found in a biological family. Derived from research that highlights helpful methods for stepfamily living, Stepfamilies: an Introduction can be viewed as a *taster* for our longer stepfamily courses.

*You will explore:*

- stepfamily myths and how they can affect personal experience;
- lifestyle stages of a stepfamily - changes from honeymoon to commitment;
- stepfamily complexity - no two stepfamilies will be the same; and
- how parenting in a step-family is different to parenting in a biological family.
